

Dear State Examination Student!

The condition for the state exam is the A/4 PORTFOLIO, which must include the artwork done at the university.

Content requirements:

- Short CV in English and the native language of the student (mother tongue) with an official portrait photo; edited on separate pages, one after another or with 'mirror editing' (in line with the rest of the portfolio).
- Additional instructions:
The design task related to the diploma (sketches, mood boards, visuals, mock-ups, blueprints) and selected assignment works during the study. All the works must be labelled with titles of tutor professors and supervising teachers and the completion date. (Please ensure to write the name of the professors correctly by adding all the titles, such as Prof, Dr, habil, DLA, appropriately.)

Formal requirements:

- Size A/4, portrait or landscape format, min. 20 colour pages.
- Cover page inscriptions: Portfolio, name, date.
- The portfolio must be page numbered.
- Photos should be edited in a unified form in the portfolio.

The first page is Curriculum Vitae in English, followed by the CV in the student's mother tongue. The portfolio begins with the diploma mock-up, sketches, mood boards and progresses thematically back in time. (See: after the CV, the third page is the diploma work, followed by selected works.) For each project, the name of the assignment should be described (see: not the name of the subject.)

We recommend the portfolio be prepared in a hard copy format (With hardcover and spiral binding).
