

Dear State Examination Candidate!

The prerequisite for the state examination is the A/4-sized PORTFOLIO, which must include the tasks completed during your time at the university, but primarily focus on the tasks completed in your field of study.

CONTENT REQUIREMENTS:

- Brief professional curriculum vitae in Hungarian and English or German, separately formatted on consecutive pages or with mirror formatting (in harmony with the rest of the portfolio), supplemented with an official portrait photo. See the mandatory content elements of the curriculum vitae in the table on the following page.
- Following this, present first the thesis/dissertation topic, followed by integrated product design, form design, and professional design tasks (sketches, mood boards, visual designs, models, drafts, etc.), as well as solutions to specific application projects.
- It is necessary to specify the topics of tasks/applications, the names and titles of the supervisors (Prof., Dr., habil., DLA), and the date of completion of the works!

FORMAT REQUIREMENTS:

- A/4 size, portrait or landscape layout, minimum 20 color pages.
- Cover captions: Portfolio, name, date.
- The portfolio must be numbered!
- Photos should be uniformly incorporated into the portfolio. For each task, indicate not the name of the subject but the task itself, to make the solution visible in the photo/drawing.
- We recommend preparing the portfolio in a bound form (spiral binding, thermal binding, etc.) so that it can be tangibly presented during the state examination.

October 10, 2023

Prof. Dr. Márta Kisfaludy DLA
Head of Department

PROFESSIONAL CURRICULUM VITAE

- Place the official portrait photo in the upper right corner next to personal data.
- The English or German CVs should be on separate A/4 pages!
- Date the chronological data backward from the present, so that the latest, current status always comes first.
- For education, there is no need to include elementary school!
- Enter only categories that can be filled with content in the professional curriculum vitae!
